

Urban Explorer

Liss and Phoebe's Travel Itinerary

"To us, urban exploration is all about connection and community. And since our brand is quite niche and what we do is quite rare, we believe we can provide an opportunity for people to try out something entirely new like Beading & Boozing together and connect with other creatives and like-minded individuals within the community."

London Parks

The parks in London like Battersea Park are definitely worth visiting. Battersea Park is absolutely my favourite park in London, and I think it is just nice to be around nature and immerse yourself in those surroundings, especially when London is like a concrete jungle all the time.

Somerset House

Somerset House is a large Neoclassical complex situated on the south side of the Strand in central London, overlooking the River Thames, just east of Waterloo Bridge. The architecture is breathtaking, and they host many concerts in the summertime. It is definitely one of my favourite venues to listen to music. To me, it is a place that leaves you feeling very inspired.

Daisy Lily Studio

Our studio is a great place to connect with our like-minded individuals where you can have fun making jewelry while you drink and listen to great music.
